

NPIC/TSSG/DED-1117-68
8 March 1968

MEMORANDUM FOR: Director, Imagery Analysis Staff
THROUGH: Chief, Technical Services & Support Group
SUBJECT: Travel Request for [REDACTED]

1. It is requested that authorization be granted for [REDACTED] to travel to [REDACTED] for purposes of supporting an NPIC/TSSG contract entitled "P. I. Performance Studies". [REDACTED] has been deeply involved in this research project whose objective is to define resolution requirements for the photographic interpretation of electronics installations. An operational experiment has already been conducted with NPIC and IAS interpreters. The interpretation readout is to be analyzed in Santa Barbara by impartial electronics experts and then translated into final report form by [REDACTED] services are urgently required in order to assure continued understanding of the P. I. process by the participating analysts.

2. It is requested that travel arrangements for [REDACTED] trip be initiated by your Office and that he be permitted to spend as much of the week of 18 March 1968 at [REDACTED] as is required. Determination of the exact length of his stay will have to be made in Santa Barbara once the entire participating group is assembled.

3. The NPIC Project Number to which this contractual support may be assigned is 55371-8.

4. Your cooperation in furthering the goals of this important research project is greatly appreciated.
